

PANCHAMI S

Bangalore | 9342725960 | PanchamiSmurthy@gmail.com

PROFESSIONAL SUMMARY

M.Sc. Applied Genetics graduate with hands-on pharmaceutical industry experience at Biocon in Quality Control Microbiology and GMP-regulated documentation. Certified in Pharmacovigilance (Drug Safety, Narrative Writing), ICH-GCP fundamentals, and adverse event reporting. Demonstrated expertise in LIMS documentation, data integrity, regulatory compliance, and SOP adherence in a pharmaceutical environment. Seeking an entry-level Pharmacovigilance / Drug Safety Associate role to contribute scientific acumen and documentation skills within a regulated clinical safety environment.

CORE PHARMACOVIGILANCE & DRUG SAFETY COMPETENCIES

Pharmacovigilance & Drug Safety

- Adverse Event (AE) Reporting & Case Processing Concepts
- Serious Adverse Event (SAE) Identification & Triage
- Individual Case Safety Reports (ICSR) Fundamentals
- Medical Narrative Writing
- Signal Detection Awareness
- Drug Safety Database Concepts (MedDRA, WHO-DD)
- Risk-Benefit Assessment Basics
- Expedited & Periodic Safety Reporting Awareness

Regulatory & Compliance

- ICH-GCP E6(R2) Fundamentals
- GMP Documentation & SOP Adherence
- Data Integrity & Audit Trail
- LIMS Documentation
- COA Preparation & Review
- Regulatory Compliance in Pharma Mfg.
- eTMF / Essential Documents Awareness
- Audit Readiness

Laboratory & Scientific Skills

- DNA/RNA Extraction
- PCR & Gel Electrophoresis
- Environmental Monitoring & Water Sampling
- Microbiological Testing & QC
- Cell Culture & In-vitro Assays
- Flow Cytometry Principles

Software & Tools

- LIMS Documentation
- Microsoft Excel, Word, PowerPoint
- Data Entry & Record Maintenance
- Scientific Documentation
- Literature Review & Analysis

CERTIFICATIONS

Pharmacovigilance & Clinical Research

- Pharmacovigilance Certification — Drug Safety, Drug Discovery, Narrative Writing
- ICH-GCP Fundamentals Certification

Technical & Scientific

- Analytical and Molecular Techniques
- Principles and Policies of Flow Cytometry
- Technical Writing and Plagiarism
- Research Excellence in Antimicrobial, Antioxidant and Anticancer Studies

PROFESSIONAL EXPERIENCE

Biocon Biologics Ltd. | Quality Control Microbiology Associate — Quality Control Microbiology

Bangalore

Key Responsibilities & Achievements:

- Conducted routine water sampling and environmental monitoring per GMP requirements, ensuring batch release timelines and compliance with pharmacopeial standards
- Maintained and updated laboratory records in LIMS ensuring data integrity, traceability, and regulatory compliance — directly transferable to PV database documentation

- Supported preparation and critical review of Certificates of Analysis (COA) and associated laboratory documentation in a regulated pharmaceutical environment
- Executed SOPs and quality procedures ensuring zero data integrity deviations; contributed to audit readiness activities
- Collaborated cross-functionally with QA, Production, and Regulatory Affairs teams to support compliance activities and timely resolution of deviations
- Gained practical exposure to GMP documentation practices, risk assessment, and quality management systems applicable to pharmacovigilance case management

Transferable Skills for PV Roles:

GMP Documentation | Data Integrity | Regulatory Compliance | SOP Adherence | LIMS Documentation | Quality Management Systems | Cross-functional Collaboration

EDUCATION

Master of Science — Applied Genetics

2022 – 2024

Jnanabharathi, Bangalore University, Bangalore

Bachelor of Science — Chemistry, Zoology & Biotechnology

2019 – 2022

NMKRV College for Women, Bangalore

RESEARCH PROJECTS

In Situ Ethnotherapeutic Properties of *Tridax procumbens* on Ovarian Cancer Cell Line (PA1)

- Evaluated anticancer activity of *Tridax procumbens* ethanolic extract using in-vitro cell-based cytotoxicity assays
- Assessed dose-dependent cytotoxic effects on ovarian cancer cell lines; performed data analysis and result interpretation
- Produced structured scientific documentation and research reports — directly applicable to PV narrative writing and case documentation

Salmonellosis: A Food-Borne Infection of Public Health Importance

- Conducted systematic literature review on disease transmission, risk factors, public health impact, and prevention strategies
- Strengthened scientific communication, critical appraisal, and data synthesis skills relevant to signal detection and medical writing in PV

CONFERENCES & SEMINARS

- National Conference on Advances in Microbial Biotechnology
- Seminar on Embryology and Developmental Biology

LANGUAGES

English (Professional) | Kannada (Native) | Telugu (Conversational)

Declaration

I hereby declare that the information furnished above is true and correct to the best of my knowledge and belief.
