

TANUSHREE B.M

Bengaluru, Karnataka | 9019738123| tanushreebm05@gmail.com

OBJECTIVE / SUMMARY

MSc Biotechnology graduate with hands-on experience in **molecular biology, microbiology, wet lab techniques, and bioinformatics tools**. Skilled in PCR, RT-PCR, gel electrophoresis, aseptic techniques, spectrophotometry, and research documentation through academic projects and internship training. Experienced in laboratory workflows, microscopy, data analysis, and sample handling. Ready to embrace opportunities to develop my skills and gain professional experience. Seeking entry-level opportunities in biotechnology. Willingness to learn more in the field and making organization successful.

CAREER INTERESTS

Molecular Biology | Biotechnology Research | QC/QA | Microbiology | Clinical Research | Research Associate Roles | Research and development | Genomics lab trainee | pharmacovigilance associate | Junior research associate

EDUCATION

Master of Science in Biotechnology | [Dec, 2023] – [Sep 2025] CGPA: 8.53 /10
[NMKRV college for women], [Bengaluru University], [Bengaluru, Karnataka India]

Bachelor of Science in [Chemistry, Zoology, Biotechnology] | [2020] – [2023]
[KLE society's Nijalingappa], [Bengaluru city University], [Bengaluru, Karnataka India]

PROJECTS / DISSERTATION

1. "DEVELOPMENT OF ECO-FRIENDLY DESICCANTS FROM LOCALLY AVAILABLE BIO-WASTE MATERIALS"

- Developed eco-friendly bio-waste desiccants and performed sorption studies using saturated salt solutions and analyzed experimental data using ANOVA analysis.
- Optimized bio-waste sorbent blends for improved moisture absorption and leafy vegetable shelf-life extension. Conducted laboratory experimentation, data interpretation, and result documentation.
- The study developed an optimized bio-waste sorbent blend that absorbed up to moisture at 50% RH and extended leafy vegetable shelf life by 1–2 days, proving its potential as an eco-friendly desiccant

2. "FERMENTED PROBIOTIC ELIXIRS KOMBUCHA AND KEFIR"

- Explored kefir and kombucha as probiotic beverages with health and bio-entrepreneurship potential.
- Evaluated the bio-entrepreneurship potential and public acceptance of probiotic beverages. Demonstrated understanding of microbiological and fermentation-based applications.
- That kefir and kombucha rich probiotic drink with significant health benefits, and public feedback confirmed its acceptability and potential as a bio-entrepreneurial product.

TECHNICAL SKILLS

- **Molecular Biology Techniques:** PCR, RT-PCR, Gel electrophoresis
- **Microbiology Techniques:** Wet lab techniques, Aseptic techniques, culture maintenance
- **Analytical:** Electric weighting balance, laminar air flow, Centrifugation, Sample Processing, Spectrophotometry, chromatography
- **Bioinformatics Tools:** BLAST, ClustalW, PDB, Uniport, Research & Data Analysis
- MS Office, MS excel, Power point presentation, Research paper writing

INTERSHIPS EXPERIENCE

"INVESTIGATING THE INFLUENCE OF HYPERGLYCEMIA ON NEUTROPHIL MIGRATION"

- **Company Name:** vertex research and education Bengaluru, May2024-June 2024.
- Hands-on experience in zebrafish embryo hyperglycemia studies, granulocyte staining, microscopy, and FIJI-based image analysis.
- Trained in bioinformatics tools: UCSC Genome Browser and NCBI primer design.

WORKSHOPS / CERTIFICATIONS

1. Bengaluru eco summit (2022)
2. National conference on "EVOLUTIONARY BIOLOGY AND INFECTIOUS DISEASES (2023)
3. State level symposium on "recent trends in active pharmaceutical ingredient landscape (ReTAP-2024)
4. International conference "Global goals, local solutions -Integrating sustainability in everyday life (GGLS-2025) Mlac college

Certificate course

1. Analytical Techniques in clinical microbiology (2022-2023)
2. Swayam course in cell culture (2024)
3. AI tools and ChatGPT workshop and Introduction to generative AI
4. Swayam course in Data analysis with Python (2026)

ACHIEVEMENTS / AWARDS

- "HELIX 2022" fest, BMS College for women BIO QUIZ awarded 1st prize
- World environmental day, "POSTER PRESENTATION awarded 3rd prize.

Strengths & Skills

- Time management & multitasking
- Communication & public speaking
- Teamwork & leadership
- Research & wet lab skills
- Problem-solving & adaptability
- Creativity & organization

ADDITIONAL INFORMATION: Immediate Joiner, Open to Internship, Trainee, and Entry-Level Opportunities
