

RACHANA B

Healthcare Operations & Hospital Administration Leader

Bengaluru, Karnataka | +91 9964161792 | rachanabharth@gmail.com | [linkedin.com/in/rachanabharth](https://www.linkedin.com/in/rachanabharth)

PROFESSIONAL SUMMARY

Healthcare Operations and Hospital Administration professional with 4+ years of progressive experience managing end-to-end inpatient operations, patient experience, quality improvement, and cross-functional coordination across multi-specialty and super-specialty hospitals. Dual MBA graduate specializing in Healthcare Management & Hospital Administration and HR & Operations Management, with strong grounding in NABH standards, healthcare analytics, and process improvement. Proven track record of leading hospital-wide initiatives, improving operational efficiency, and building collaborative relationships across clinical and non-clinical teams. Seeking to bring this operational expertise and leadership capability to a healthcare leadership role focused on driving patient-centered, high-performing hospital operations.

SELECTED ACHIEVEMENTS

- Led the organization's first hospital-wide asset identification and labelling initiative, covering 25+ clinical and non-clinical departments.
- Designed and implemented a Direct-to-Ward Admission model that reduced patient waiting time and improved admission efficiency.
- Directed daily coordination of ~10 admissions, 15–20 discharges, and ~10 OT cases across a 125-bed multi-specialty hospital.
- Redesigned linen inventory monitoring and reconciliation, reducing linen loss and unnecessary replacement costs.
- Introduced structured post-discharge feedback calls, strengthening patient satisfaction tracking and service recovery.

AREAS OF EXPERTISE

Hospital Operations Management | Healthcare Administration | Patient Experience & Service Recovery
Admission, Discharge & Bed Management | OT / ICU / NICU / PICU Coordination | Healthcare Quality & NABH Standards
Process Improvement & Operational Excellence | Cross-Functional & Stakeholder Management | Healthcare Data & Reporting (Power BI)
Team Leadership & Coordination | Problem Solving & Decision Making | Healthcare Compliance

PROFESSIONAL EXPERIENCE

Operations Assistant — Atreum Speciality Hospital, Bengaluru

Feb 2026 – Present

125-bed multi-specialty hospital providing inpatient, outpatient, surgical, emergency, intensive care, and diagnostic services.

- Direct end-to-end inpatient operations, coordinating ~10 admissions and 15–20 discharges daily while ensuring timely documentation across departments.
- Designed and implemented the Direct-to-Ward Admission process, reducing patient waiting time and improving admission efficiency.
- Conduct daily inpatient rounds and partner with nursing, consultants, pharmacy, laboratory, radiology, biomedical engineering, and administration to resolve operational issues in real time.
- Monitor bed occupancy and coordinate allocation based on patient acuity, specialty needs, and infection-control protocols to improve bed utilization.
- Coordinate daily OT schedules and readiness for ~10 surgeries, plus ICU, NICU, PICU, and Labour Room readiness for emergency and planned procedures.
- Manage outsourced linen inventory tracking and reconciliation, reducing linen loss and replacement costs.
- Led the hospital's first comprehensive asset labelling project across 25+ departments, including EMR, Radiology, Laboratory, Pharmacy, OT, ICU, and administrative units.
- Launched structured post-discharge feedback calls to strengthen patient satisfaction measurement and service recovery.

Patient Welfare Officer — Nethradhama Super Speciality Eye Hospital, Bengaluru

May 2024 – Jan 2026

- Owned the complete patient journey from registration through discharge, ensuring a consistent, high-quality patient experience.

- Resolved patient complaints through proactive communication and timely service recovery, protecting patient satisfaction scores.
- Coordinated with consultants, nursing, diagnostics, pharmacy, and administration to ensure smooth, timely patient care.
- Supported NABH quality initiatives, documentation, and compliance activities.
- Reduced outpatient waiting time through improved appointment scheduling and coordination.

Ward Coordinator — Motherhood Hospital, Bengaluru

Feb 2023 – Jan 2024

- Coordinated inpatient admissions, transfers, bed allocation, and discharge planning.
- Managed TPA documentation and insurance coordination for inpatient cases.
- Implemented discharge checklists that improved discharge efficiency and reduced delays.
- Partnered with nursing staff and consultants to ensure timely, coordinated patient care.

Clinical Research Coordinator — Zenith Clinical Services (KIMS Hospital), Bengaluru

Jul 2021 – Jan 2023

- Coordinated Phase II and Phase III clinical research studies, including patient recruitment and informed consent.
- Maintained regulatory documentation in compliance with GCP guidelines and supported sponsor monitoring visits and audits.
- Coordinated study visits, lab investigations, and patient follow-up, improving protocol compliance and follow-up tracking.
